USAGE: Take 1 softgel 1 to 3 times per day with a meal or as directed by your qualified health care consultant.

NOTE: If you have a medical condition, are pregnant, lactating, trying to conceive, under the age of 18, or taking medications, consult your health care practitioner before using this product.

Jarrow Formulas® QH-Pomegranate brings together two of the premier cardio-protective actives available today in one softgel.* QH (ubiquinol) is the reduced (active antioxidant) state of Co-Q10, the form produced by our cells and is significantly better absorbed as a supplement, particularly as we age. The pomegranate extract in **QH-Pomegranate** is derived from 100% California pomegranates and contains a wide range of polyphenolic compounds including ellagic acid, anthocyanins and ellagitannins with NO synthetic ellagic acid.

Keep out of the reach of children.
