Operating System: Some Windows 7 features may have additional hardware requirements; see www.microsoft.com for more information and support. Processor / Processor Speed: The system performance may vary greatly with different software applications and other environmental and system variables. The user may need to purchase certain software products to take advantage of the benefits of the processor. Increments in Intel's numbering of processors do not necessarily reflect feature advancements. The processor speed represents the internal clock speed of the processor, but does not represent the system clock speed. Bus Speed: The actual speed of the bus will vary, and will be less than the speed indicated. Memory: Not all of the memory listed will be available, as some of the memory will be required to support the operating system resource requirements. Video Graphics: The video graphics performance may vary based on content and hardware/software configuration. Hard Drive: the capacity of the hard drive will be less once formatted. Multimedia Drive: The speed of the multimedia drive will vary, and because Double Layer is a new technology, Double Layer media compatibility may vary with older DVD or CD ROM devices. Light scribe content must be purchased separately. ASUS does not condone the illegal copying of copyrighted material. Display: High definition content must be purchased separately, and is required to display content in high definition. Webcam: The quality of the webcam image will vary based on system configurations and environmental conditions such as lighting. Network Card / Wireless Option: Actual upload and download speeds will vary based on specific hardware/software configurations, line conditions, website conditions, internet service providers, and connection speed. Internet access is sold separately and may also require the purchase of additional hardware. Digital Media: Additional adaptors may be required to support all media card types listed, and must be purchased separately. Audio: Audio performance will vary depending on the specific audio content, system hardware and software configurations, and the acoustics of the room in which the system is located. Security: No computer system can provide security under all conditions. **[The Facial Recognition Security Technology [require purchase of separate software?]** Software: Some software programs may require internet connectivity to enable certain features and functionality. Internet access is sold separately and may also require the purchase of additional hardware. **[Insert software names]** are provided on a trial basis only, and will have **[limited /no]** functionality after **[x]** days. Internet Solutions: Internet access is sold separately and may also require the purchase of additional hardware. Use of ASUS Products: ASUS products are not intended for use in medical, life-saving or life-sustaining applications. Warranty and Support: All warranties are limited warranties and subject to the applicable terms and conditions for such warranty provided. Furthermore, all warranties are subject to the following disclaimer: EXCEPT FOR THE LIMITED WARRANTIES REFERENCED IN THE WARRANTY SECTION HEREIN, ASUS COMPUTER INTERNATIONAL HEREBY DISCLAIMS ANY AND ALL OTHER REPRESENTATIONS AND WARRANTIES, EXPRESS OR IMPLIED, ARISING BY LAW OR OTHERWISE, INCLUDING, WITHOUT LIMITATION ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.
