Learn from the Best

At the Columbus Northwest Fred Astaire Dance Studio we don't tell you what you "should do", we teach you how to make the moment you envision come to life and give everyone a dance to remember.

Our workshop will educate you on the fundamentals of customized wedding dance programs. Whether you want instruction on something as simple entrance and exit of the floor with a couple with some basics, a completely choreographed dance or even group lessons for the entire wedding party, we can help you plan exactly what you want. So, when that magical moment arrives, you can amaze your friends and family with your elegance, style, and grace.

With class sizes limited to fifteen blossoming couples, Daniel and his staff will easily be able to answer any and all questions that couples may have.
