

Dear valued customer,

Thank you for taking advantage of great savings and purchasing the Color Perfect Painting interior painting promotion. We look forward to helping you with your project and ask that you read the following prior to welcoming us into your home:

**Groupon Homeowner Painting Responsibilities:**

Please send us a picture of each angle of your room if possible. In addition, please measure the height and width of each wall to be coated. If you are unable to send pictures to us please let us know some details about the room. In particular, how many windows and doors are in each room, the current color of the walls, the color you would like to paint each room and what sheen (shine level) you want for the finish. The standard levels of sheen used for interior painting are as follows: Semi-Gloss or Gloss for kitchens, bathrooms, and high moisture areas. Satin or Eggshell on all other walls and Flat on ceilings. For a reference point on sheen please visit a local Sherwin Williams store near your home.

**Materials:**

Depending upon your square foot measurements you will need the following:

- 1-2 Gallons of Sherwin Williams Interior Latex Paint per room. Product options:
  - (Good) ProMar 200
  - (Better) Cashmere
  - (Best) Emerald
- 1 roll of 3M 20/20 1 1/2" white masking tape
- 1 Purdy Colossus roller nap (9" x 1/2 Inch Nap)
- 1 Pro-Val 3" angled sash polyester brush.

\*\*These items will be readily available at Sherwin Williams stores. Feel free to use my painting contractor deep discount (15-60% Off). You can do so by referencing that you are my client and would like to pay cash on my account: Color Perfect Painting LLC & 5660-6745-0.\*\*

**Application Process:**

We will verify the rooms to be painted, set up our drop cloths, mask off the baseboards, cut in the walls with our brushes and then roll them out with our rollers. We then will review our work, touch up as needed and ask you to come into the room for inspection. We ask that you print the voucher and have it ready for us when we arrive.

\*\*Please have everything moved 4 feet away from the walls and please remove all electrical outlet faceplate covers, light switch covers, nails, tacks, curtains and rod framing or anything else that may impede the painting process.\*\*

**Project Completion:**

We request that you inspect our work and request any touch up before we leave. If you have additional work that you think of while we are there and you would like us to give you an estimate on it please let us know, so we can get measurements and pricing for you on site. Please let us know of any other special conditions or accommodations that we may need to be made aware of before our arrival. Some examples include: where we can wash our tools and hands, dogs or cats that may not go outside, or elderly considerations. We also ask you give us ample time for scheduling your project via email and let us know your availability. We will then confirm a time & date via email with what works best around each of our schedules. We look forward to meeting and serving you and we hope to develop a longstanding relationship with you that is mutually beneficial for many years to come.

Warmest Regards,

Color Perfect Painting LLC
