

Attribute		Specification
Mechanical	Weight	1.25 lbs
	Recessed Can Applications	4", 5", 6"
	Dimensions	3.8" diameter x 5.2" height
	Lamp Socket Connection	E26/24 Medium Screw Base
Audio Specifications	Power	12 W @ 6 ohm at < ½% frequency response
	Driver Complement	70 mm full range high fidelity speaker
	Frequency Response	100Hz - 20kHz ± 3dB
	Bass Response	50Hz
Amplifier Specifications	Mode	Class D, 85% efficiency
	Signal Processing	Digital equalization with bass enhancement down to 50Hz
Lighting Specifications	Light	8 X White 1W LEDs
	Luminance	500 lumens
	Color Temperature	3000 K
	Dimming	Via remote
	Lighting Output	10W
Control Specifications	Transmission System	Proprietary 2.4GHz wireless
	Number of Sources	3 per house
	Transmitters	1) USB 2) 30 pin Apple connector with lithium battery and charge power adapter 3) Toslink with power adapter and miniphone jack
	Number of Zones	5
	Number of House Codes	10
	Audio Mode	L/R/L+R
	Wireless Range	200' Line-of-Sight, 50' w/ Obstructions
	Remote Control	Source1/2/3
		Volume control + and -
		Light ON/OFF
		Dimming + and -
		Zone 1-5
		Mute
		House code select 0-9

Attribute		Specification
Control Specifications (continued)	Only Light On Capability	Yes
	Sound On Capability	Yes
	Input Voltage	AC 100V~120V, 0.5A/60Hz
	Standby Consumption	<2W
	Power Rating	17W with light and audio at full
	Protection	Thermal fuse with automatic reset
	Max ambient condition	35 C°
	Min ambient condition	minus 20 C°
	Rated for damp environment	UL1993
Approvals	UL Standard 1993/8750	Yes
	ANSI/UL Standard 60065	Yes
	CAN/CSA Standard C22.2 no. 60095	Yes
	FCC Rules – part 15J	Yes
	RoHS compliant	Yes
	ETL	Yes
Product Life and Warranty	Working Life	25,000 hours
	Warranty	1 year from original date of purchase
