Recycling

Apple takes a holistic view of materials management and waste minimization. [Learn more](#) about how to recycle your Apple products.

1. Weight varies by configuration and manufacturing process.
2. 1GB = 1 billion bytes; actual formatted capacity less.
3. Requires HDCP when playing protected content.
4. PVC-free worldwide except in India and Thailand, where PVC-free AC power cords are not available.
Services are not available in all countries and are subject to change.
