

Product Features

Microsoft Windows 8.1 operating system preinstalled

Portable all-in-one PC with internal battery doubles as a large-scale tablet

Set it up at your desk as a full-power touch-screen PC, then unplug it to enjoy and share movies, games and apps from a comfortable spot.

27" Full HD 10-point multitouch screen

Native 1920 x 1080 resolution boasts impressive color and clarity.

4th Gen Intel® Core™ i5-4210U processor

Smart dual-core, four-way processing performance. Intel Turbo Boost Technology delivers dynamic extra power when you need it, while increasing energy efficiency when you don't.

8GB system memory for advanced multitasking

Substantial high-bandwidth RAM to smoothly run your games and photo- and video-editing applications, as well as multiple programs and browser tabs all at once.

1TB hard drive for ample file storage space

Holds a significant collection of digital photos, music, HD videos and DVD-quality movies. 5400 rpm spindle speed for standard read/write times.

NVIDIA GeForce GT 840A graphics

Driven by 2GB dedicated video memory to quickly render high-quality images for videos and games.

Built-in 2.0MP webcam with microphone

Makes it easy to video chat with family and friends or teleconference with colleagues over Skype or other popular applications.

Built-in media reader for simple photo transfer

Supports Secure Digital, Secure Digital High Capacity and SDXC memory card formats.

3 USB 2.0 ports

Quick plug-and-play connectivity for your devices and accessories.

Next-generation wireless connectivity

Connects to your network on all current Wi-Fi standards. Connect to a Wireless-AC router for speed nearly 3x faster than Wireless-N.

Wireless keyboard and wireless mouse reduce cable clutter

Island-style keyboard features chiclet keys and mouse offers reliable optical tracking.
