

What is Junior Achievement?

Junior Achievement is the world's largest organization dedicated to educating young people about business, economics and free enterprise. JA provides current, state-of-the-art educational materials, computer software, and trained volunteers at no cost to the schools or students. Lincoln JA's 750 volunteers touch the lives of nearly 22,000 kids in 77 local public and private schools each year. Lincoln JA is funded entirely by voluntary contributions from the private sector and is governed by local volunteer boards of directors and trustees.

Junior Achievement is a 501(c)(3) charitable organization, to which contributions are tax-deductible to the extent permitted by law.
