Signature Portraits

Our Signature Portraits can be both contemporary and classic, well suited for any home decor. Canvas Portraits are by far our most popular, offering a "painterly softness" to each image. Hand sealed and protected from fading, they are made to last. Mounted Portraits are protected with a lacquer based textured spray, or with a leather laminate, mounted onto masonite.

TABLE SIZES	<i>Re-prints</i>	<i>Prints</i>	<i>Mounted</i>
8"x 10"	\$70 (\$120 mounted)	\$170	\$220
5"x 7"	\$70 for 2 (\$120 mounted)	\$130	\$160
4"x 6"	\$70 for 3 (\$120 mounted)	\$90	\$120
6 Wallets	\$70	-	-

WALL SIZES	<i>Prints</i>	<i>Mounted</i>	<i>Canvas</i>

All Images are minor-retouched and color corrected.

Custom Framing

Momento Photoworks offers a vast selection of frames to suit your taste and decor. Due to the delicate process of our portraits, it is Momento's policy that all portraits 11"x 14" and larger are professionally mounted and framed on our premises.

Our Policies

To aid in the selection of the portrait images we use a professional digital proofing system and a 40 inch presentation monitor in our sales area. Please be sure that all decision makers are present for this viewing, as your portraits can represent a sizeable investment for you, and we want your decisions to be the correct ones. Naturally, there is no charge for your initial viewing appointment. However, additional appointments will generate additional charges.

THERE ARE NO PROOFS, PAPER OR ELECTRONIC, TO TAKE OUT OF THE STUDIO AT ANY TIME. If you have a question about this, please inquire prior to your session. After your selections have been made, and your order has been placed, we can create proofs of the images purchased, as confirmation of your portrait order.

In order to secure your session day and time, full payment of the appropriate session fee is required at the time of booking.

All originals remain studio property and portrait products are all priced separately.

It is agreed that rights to exclusive use and ownership of original images are reserved by Momento Photoworks for display, publicity or otherwise.

Due to the custom nature of our products, please be prepared to pay at the placement of your order. If other arrangements are needed, we will be happy to work with you.

It is Momento's policy that all portraits above 8"x10" are professionally framed on our premises. A vast selection of frames are available.

We currently accept MasterCard, VISA, AMEX and Interac.

Our Guarantee:

It is the policy of Momento Photoworks to replace any Signature print or canvas portrait for any defect at no charge for five years from the date of purchase.

After the warranty period, Momento Photoworks will replace any Signature portrait print or canvas for 25% of the current price.

Preparation: Dressing Tips

As part of your session fee, a member of Momento Photoworks will contact you at least once for your pre-session consultation. Clothing, make-up, backgrounds, props and other details will be discussed at that time, to create the perfect portrait as well as to establish a comfort level with our studio. We want your session to be relaxed and well planned for.

Clothing: It is important to choose outfits that will make pleasing portraits, and be coherent with the style of portrait you are planning. Remember that busy patterns, stripes and bright colors are distractions from the focal point: the face, or faces, in the portrait. Color coordination lends harmony. While all clothing does not have to match, the colors should be harmonious, so that one person will not dominate the scene. Dark clothing tends to minimize apparent body size, while light shades do the opposite. Long sleeves are best for adults and older children. If you expect to display a full size wall portrait, we recommend that you speak with one of our studio designers.

Hair Styling and Make-up: We have found it best, especially in the case of children, not to schedule your session immediately following a haircut. A week later is usually best. Adults know when their hair looks good! Women's make-up should be appropriate for the clothing and portrait style desired. We encourage subtle make-up on most all girls, except for the very young.

Final enhancement on all subjects will take place on your final portrait prints.
