

We are a family owned and operated, professional complete auto & diesel repair facility. Ranging from a simple light bulb replacement, to a complex engine diagnostic service, all customers are important to us. We understand that in these difficult economic times, it is hard to know who to trust, and that people have to work harder than ever to earn their money. We would like to have an opportunity to earn your trust, and to help you to decide the best way to maintain and repair your vehicle. Based on 26 years of professional repair experience, we offer you reliable auto repair advice and maintenance recommendations. Trust is THE most important part of our business, and once we have earned yours, we will NEVER take that trust for granted, and will strive to earn it again, and again with each visit.

Sincerely,
Stuart Hummel
Owner & Operator of
Hummel's B&B Automotive.

PROGRAM RULES

- Oil changes include 5 quarts of oil, lube and filter.
(Large capacity engines and substitute oils are additional)
- Specialty oil and filters additional.
- This program applies to most cars and some light trucks.
