Introductory Flight Lesson for 2 to the San Juan Islands

An amazing and unforgettable experience that puts you and a partner at the controls of a Cessna Skyhawk for a flight to the San Juan Islands from Seattle.

Your flight will depart from Boeing Field, only 10 minutes from downtown Seattle.

- Your experience begins with a pre-flight briefing from a FAA certified instructor who will review the aircraft controls, instruments, air traffic control communications procedures and your flight routing to the San Juan Islands.
- Flight Instruction for 2 people over Seattle and the San Juan Islands and all points in between. One person will fly and one person will ride as a passenger on each flight leg between Seattle and the San Juan Islands.
- Your flight routing will include:
 - Downtown Seattle
 - Edmonds
 - Everett
 - Whidby Island
 - Camano Island
 - Port Townsend
 - Port Ludlow
 - Lopez, San Juan & Orcas Island
- You may have your choice of landing at one of three San Juan Island destinations: Friday Harbor, Roche Harbor or Eastsound.
- You will have to 2 hours to explore your Island Destination before your return flight lesson to Seattle.
- Flights are available 7 days a week.
