## Compassionate Adventures

### Luxury Camping at Cache Canyon: Rafting Adventure w/ a Twist

Come on a wonderful journey with Destination Earth to a hidden treasure East of San Francisco. Cache Canyon is a magical place tucked away in the rolling hills of “The Valley”. We’ll entertain and fill your bellies as you get to relax, hike, and experience the thrills of the rapids in warm waters along Cache Creek. To top it all off Destination Earth style, the experience will be made memorable by getting to help the local schools in this small town. We’ll spend a short while planting flowers and donating much needed materials to rural California!

\*Meals and drinks all inclusive (see itinerary below)

#### About the guides:

- Jud Yaski is a Mendocino native and an adventure veteran with over 20 years of extreme sports, international travel, and corporate hospitality under his belt. His love for travel, along with inside knowledge of countless places in Northern California & Southeast Asia is reflected in the extraordinary experience he shares.

-Steve Juba is a Boston native whose been living in San Francisco for 2 years. With over 5 years of experience creating, leading, and escorting tours, Steve’s passion for travel, adventure, and people shines through on each journey. His attention to detail, kind demeanor, and ability to adapt to any situation make him an excellent travel planner and adventure leader.

### Daily Itinerary

#### 3 day All inclusive Cache Canyon Holiday Trip dates:

**(B = Breakfast, L = Lunch, D = Dinner)**

This is one of the few experiences in this price range that offers a complete, stress free all inclusive trip\*. Get the ease of an all inclusive experience with the excitement of hiking, swimming, rafting, eating, relaxing, & Giving Back!!!

#### Day 1 (D): Arrive Cache Canyon:

Arrive today on your own anytime between 4:00-6:30 PM. Our luxury eco camp will be waiting for you with all the bells and whistles including a solar array for our power, a shower, couches, chairs, full mobile kitchen, our very own chef, and even a hot tub! Settle in and get ready for a beautiful sunset while we serve a delicious welcome dinner. Tonight is yours to relax and get accustomed to the best way to experience camping under the stars.

**Day 2 (B, L, D) Relax, Play, Swim, Hike, & Give Back:**

Today will be filled with a variety of fun, adventure, relaxation, and importance! Wake up to the smells of a delicious breakfast awaiting. Indulge, relax, & digest before our fun filled day.

In the morning, we're off to a local hike to check out the terrain and take some great pictures. Our guide will be here to lead and offer photography advice as well. The hike is optional and should last between 2-3 hours. For those who stay behind at camp, enjoy the amenities, play darts or ping pong, and take a swim in the warm waters of the river that we'll navigate tomorrow! Upon returning from our hike, lunch will be waiting. The early afternoon is at leisure to relax and cool off in the river after our hike.

The next activity is special. We'll head off to a local school to help install flower boxes and plant flowers. These schools are in dire need of a make over and adding this life and beauty for the children to enjoy throughout the school year will make going to school less mundane. A portion of the cost of this trip will go towards the flowers and boxes, as well as anything else needed to help the school system. The small rural town has very little funding and all the help we can provide is much appreciated to improve the children's education.

Tonight we'll return to the camp to enjoy another delicious dinner. The rest of the evening will be at leisure to get to know each other, play campfire games, watch a movie on our outdoor screen, and enjoy the night sky miles and miles from the city lights.

**Day 3 (B, L) Rafting Adventure!:**

After breakfast let the fun begin as we head off to the river. Our guide will equip and prep us for this truly unique rafting experience. Unlike traditional white water, Cache Creek is only class 3 and we get to steer and have our very own 2 person OR 4 person rafts. The thrill of navigating the smaller rapids on our own is very unique and found few places elsewhere. Rafting guides will be with us both leading the group in the front, and following the group in the rear throughout the experience to ensure extra safety. This allows you the thrill of piloting your own boat with your new friends, along the security of having guides surrounding you.

After we conquer the river, we step out of the water to find our campsite and chef waiting with one final delicious lunch! Our camp is set up at the end of the rafting journey for ultimate convenience.

After lunch it's time to bid farewell to our new friends and head back home after a refreshing and memorable experience! Departure is between 1:30-2:15 PM today.

---

**Accommodation:**
