Andrew J. Volstead (1860-1947) was an American legislator from Minnesota. He held several local offices in Minnesota before serving in the U.S. House of Representatives from 1903-1923. He sponsored many measures in Congress and became a national figure as the author of the **Volstead Act**. Officially the National Prohibition Act of 1919, this federal law (passed over the veto of President Wilson) made provisions for the enforcement of the Eighteenth Amendment. The act defined an intoxicating beverage as one containing more than .5% alcohol by volume. It also gave federal agents the power to investigate and prosecute violations of the amendment. The Eighteenth Amendment was repealed 1933.
