ADVANCED			4:00-5:55			

# ABOUT SGA PRESCHOOL

## Our Classes

### **Diaper Dare Devils (walking - 18 months)**

Parent and child explore movement together through playful and exciting activities. This program is fun and interesting while also a crucial instrument in the development of your child's gross and sensory motor coordination and self-confidence. The director of the Mom & Me program coordinates the week to week activities, the events, and the skills the classes are working on so they remain fun and progressive for both parent and child.

### **Lil' Stars (2 years)**

This class is designed for 2 year old's that are ready to start class on their own, without mom and dad on the floor with them. Children will be introduced to the bars, rings, floor, balance beams, trampoline, and tumble track. Floor circuits will be set up for your child to learn the basic gymnastics skills and to keep children constantly moving. This class will also focus on teaching children to follow in a line and listen to their instructor.

### **Rising Stars (3 years old)**

This class will focus on teaching children to follow directions, listen to instructors, and learn basic gymnastics skills. Obstacle courses will be set up each week to keep the children constantly moving and learning the basic skills of gymnastics on the floor, bars, rings, balance beams, trampoline, and tumble track.

### **Shining Stars (4 years)**

Children will learn gymnastics skills on the bars, balance beam, rings, floor, trampoline, and tumble track. Instructors will set up new floor circuits each month that will focus on specific skills for the children to accomplish.

### **Shooting Stars (advanced)**

This class is for pre-school ages 3-4 who have accomplished the basic gymnastics skills and ready to move on to more challenging skills. Advanced pre-school must have good listening skills and be able to follow directions.

### **Special Stars (Disabilities)**

- Intellectual disabilities.
  - Down syndrome.
  - Autism.
  - Tourette syndrome.
  - Cerebral palsy.
  - This class is designed for our special stars who require more attention and patience <3
- This class is also designed to help those in need of strengthening their motor skills and attention. We have a trained and certified instructor to work with our special stars. For more info and details, please contact us =)
