

THE HERKIMER

PUB AND BREWERY - EST. 1999

★ ABOUT

Established in 1999, the Herkimer Brewpub is located in the growing Lyn/Lake neighborhood of Uptown, Minneapolis. At The Herkimer we brew small batch craft beer, serve award-winning food, and have become a local neighborhood hang out.

The foundation of The Herkimer's brews are based in the traditional German fashion abiding by the strict German purity law, or Reinheitsgebot, allowing only water, barley, hops, and yeast to be used in the brewing process. Times are a changin' and so is the beer culture and we are ready to keep up! The Herkimer is proud to expand our brew line-up and with that we have an exciting new brew schedule ahead of us. This expansion will include English Ales, Stouts, Porters, and IPA's amongst others. We have not forgotten where we started and will continue to brew German styles along with our new favorites.

Our small batch series will feature one off brews with unique twists and creativeness from our brewer. These brews are small quantity so they won't last long. Stop in and let us know if we should add them to our regular line up.

Thank you for 13 great years and counting! We look forward to sharing more great beers and good times.
