The Pappas Story

Louis M. Pappamichalopoulos arrived in America in 1904 from Sparta, Greece. He shortened his name to Pappas to help simplify life in his new country. During World War I, Louis served in France as an army chef in General Pershing's "Wildcat Division". It was there that he created his own version of a Greek salad by adding potato salad to sustain the troops during hard times. In 1925 Louis and his wife, Flora – affectionately known as "Mama", established the original Louis Pappas "Riverside Café" in Tarpon Springs. With a handful of employees on sawdust floors, they opened their humble café, specializing in fine Greek-American cuisine and the Louis Pappas Famous Greek Salad™. Potato salad at the bottom of a Greek salad soon became commonplace and the salad itself became internationally known. The Pappas Family continued to prosper over the years sustaining three generations in the restaurant business.

Taking the Pappas name in a new direction, grandson, Louis L. Pappas created his fast casual concept, Louis Pappas Market CaféSM. Always market fresh, Louis Pappas Market Café serves up its "New Generation Greek" to today's busy customer on the go. With continued focus on the Louis Pappas Famous Greek Salad™, the menu also offers hearty homemade soups, Mediterranean appetizers, signature sandwiches, gourmet flatbreads and an array of prepared to order entrees for eat in or take out. Using only the freshest and healthiest of ingredients, the talented chefs at Louis Pappas Market Café whip up great food fast in an upscale yet casual setting. The relaxed open style kitchen and counter service layout combines the convenience of fast food with the opportunity for high quality meals usually found at full service restaurants. Louis Pappas Market Café offers "New Generation Greek" to a new generation of customers who refuse to choose between convenience and great fresh taste.
