

# *The Legend of Natalie's*

One score and 4.2 years ago,  
everyone involved in the birth  
of our fun little concept met  
at some point while working  
together at a chain that  
taught us a whole lot about  
the biz and a little more about  
life in general.

As time went by we decided to  
branch out on our own so that  
we could make up our own rules  
(we are mostly incorrigible).

It's all about family and friends.  
That's the engine that makes the  
combine run (thanks Iowa).

We had a lot of help and love to create what is now Natalie's Sports Bar & Grill.  
We have become a hybrid that will make everyone feel like they are at a porch  
party on E. Poinsettia Street.

A little bit of personality and a lot of quirkiness.

Mi casa es su casa...Sit back and enjoy...Carpe diem...And don't forget...

*It all makes sense to me*

Thank you for sharing this with us
