CUSTOMIZED DIGITAL MATS

Single-, double- or triple-mat your portrait at a fraction of what you'd pay at a frame shop—plus, coordinated mat colors and textures you just can't get in ordinary matboard. And since your image is UV lacquer-protected, you don't even need glass!

Digital mat any portrait just \$49

Each mat is custom-designed. Mat colors can match the tones in the photograph, or even the colors in the room where it will hang. You will be able to see an approval print before the final image is printed. Mats are generally the next size larger than photo—for example, a 16x20 portrait goes in a 20x24 mat.

*Mats so realistic you
can't tell them from
the real thing!*
