## **NEO Wood Fired Pizza**

# **Welcome!**

*We honor the traditional Neapolitan approach to making pizzas and combine it with delicious world flavors.*

*Our dough is made daily, hand-shaped and stretched (never tossed) to order. We feature exclusive sauces developed in our own kitchen.*

*We believe innovation should be based on a solid understanding of classic methodology. Once our pizzas are topped with fresh ingredients, they are placed into our 500-degree wood-fired oven to bake. After forming the essential blisters (not burns), they emerge bubbly and aromatic. Then, your pizza is sliced and rushed to your table, hot and tantalizing.*

*From start to finish, we embrace the authentic approach – while we have fun doing it!*

**Enjoy!**
