

# Red Light Therapy

## Features & Benefits:

- Benefit from non-invasive, pain free red light that works to naturally alleviate the appearance of aging skin, wrinkles and fine lines
- Promote collagen and elastin production
- Increase moisture retention
- Increase blood flow for increased circulation
- Increase oxygenation and restoration skin's natural cellular activity
- Reduce inflammation in skin conditions such as acne
- Keep skin renewed and refreshed
- Stimulate wound healing
- 15 minute sessions

## REGIME & PRODUCT RECOMMENDATION:

**2 to 4 15-minute sessions per week for first 8 weeks** then maintain results with **4 15-minute sessions a month.**

### **For best results:**

**Use the PB Timeless Bundle products** to stimulate collagen production and heal the skin from head to toe. Have the youthful, healthy skin you have always wanted!

*See spa consultant for more product/bundle options that complement this service.*

Products vary per location.
