

SCORPION SERVICE

Spray interior around baseboards.

Spray exterior around the base of the house, garage, all cracks and crevices, spray around the perimeter of the house, boulders, block fence, meter boxes and sprinkler boxes.

We put down Delta Guard Dust around the doorways, the garage, sprinkler boxes, meter boxes and boulders. We lay glue traps in the garage to help catch scorpions and other bugs that try to enter the garage.

The Delta Guard Dust only needs to be done about every 6 months and also works when it gets wet. (Customers must not sweep away, power blow or wash dust away!)
