

THE IDAHO BOTANICAL GARDEN

Located at the base of the Boise foothills in the Old Penitentiary Historic District, the Garden is a beautiful year-round retreat for garden lovers. An inspiration to Idaho gardeners for over twenty-five years, the Garden allows people of all ages and abilities to experience what's possible in a garden setting.

At the Idaho Botanical Garden, children and adults learn about plants, local animals and ecology. Visitors discover professional designs and unique plants up close and learn about how to incorporate these elements into their own Gardens.

The nonprofit 501(c)(3) Idaho Botanical Garden receives no city, state or federal operational funding. The Garden relies on its members to maintain and expand this inspiring educational destination for garden lovers, children, and area families, and continue as a beautiful location for events that bring the community together.
